

Summer At Skidmore Info Guide

Guidebook Edition

New This Year

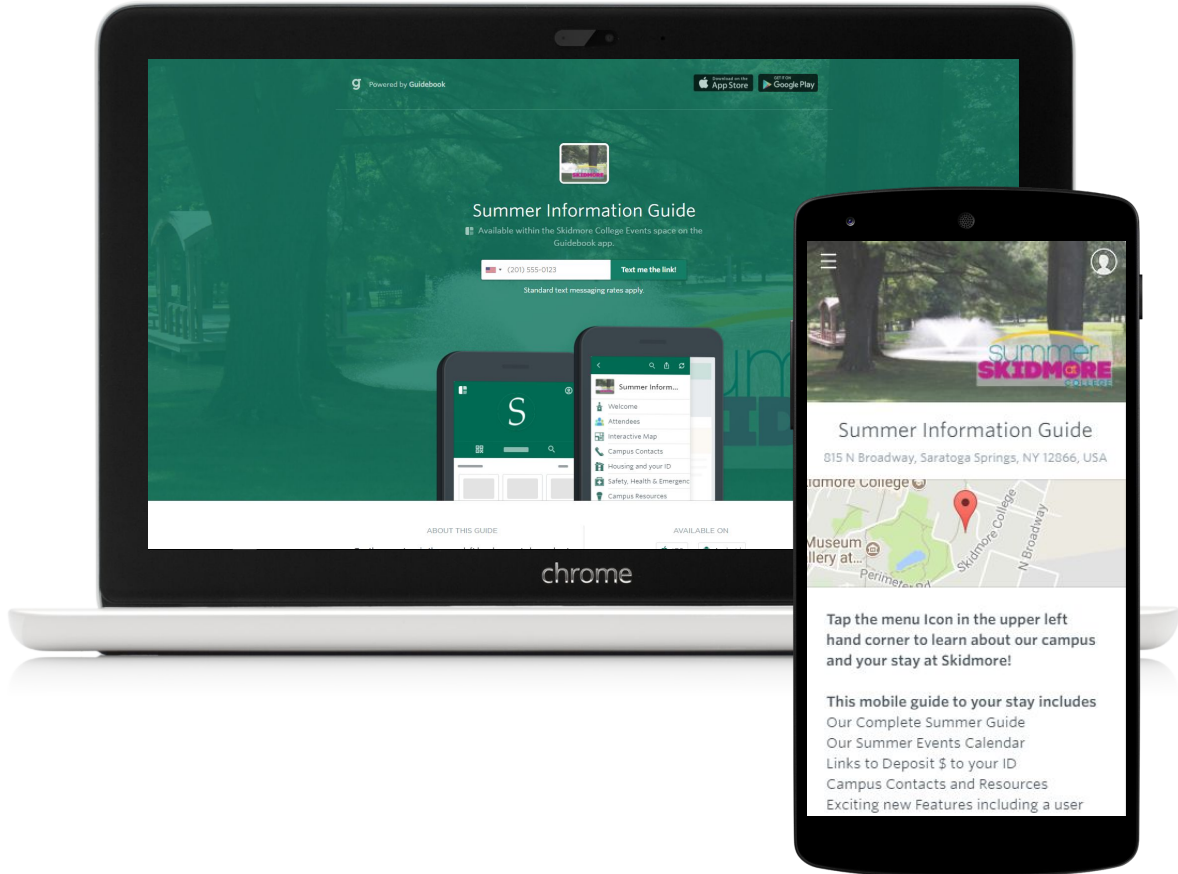

For the first time in Summer at Skidmore history, we are partnering with Guidebook to offer an app experience. Our app boasts a digital version of our Summer Info Guide, including information on Events, Campus Policies, an Interactive Map, and much more.

We would also like to extend the invitation to include [your program information](#) in our guide!

Summer At Skidmore

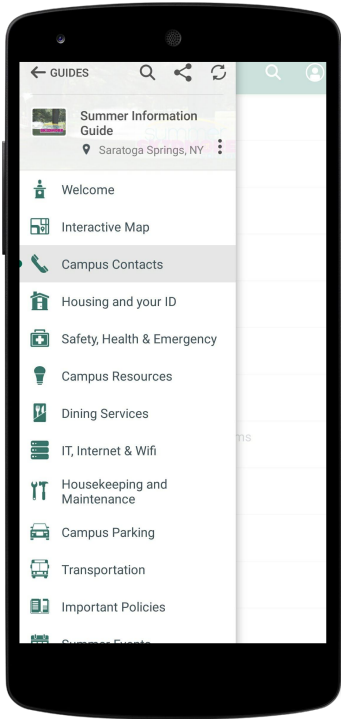

Our new experience is available on the app store as “Skidmore College Events”, and Google Play as “Skidmore College” (by Guidebook). In the app, you can choose to download the “Summer Information Guide”, among other Skidmore College event guides.

Guidebook has made available a [promo link](#) (shown on the computer to the right) which you may choose to share with your registrants.

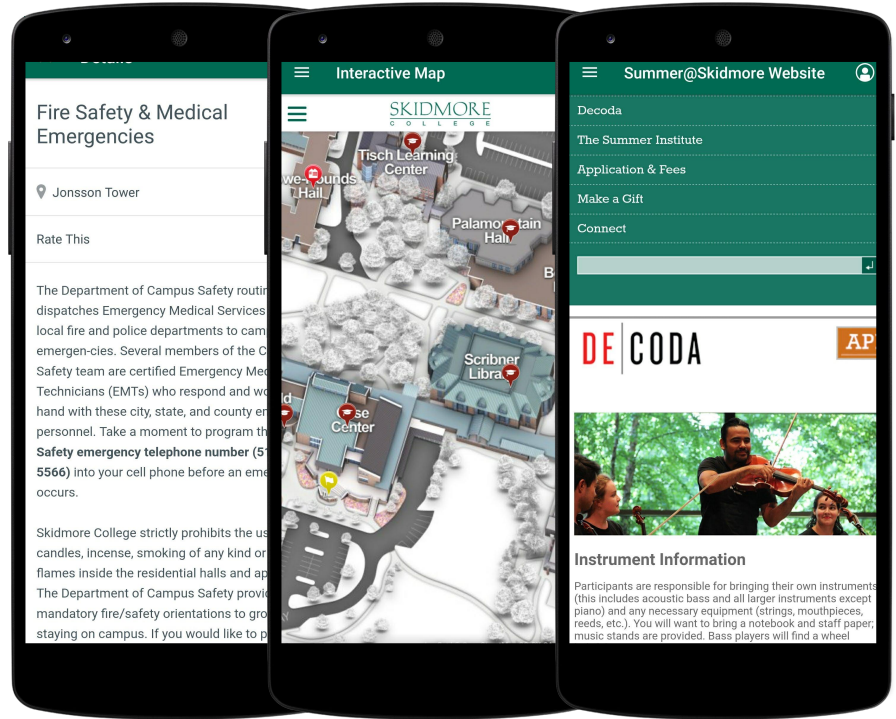

The App

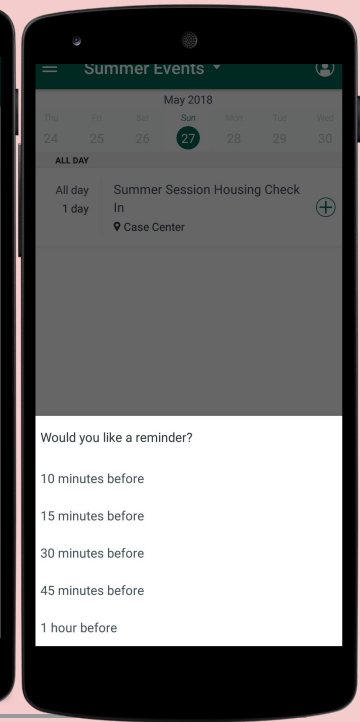

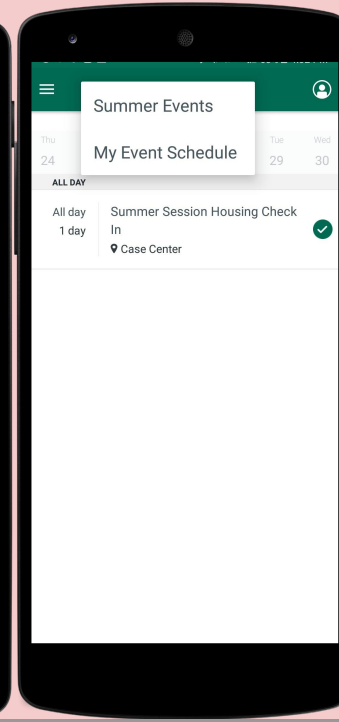

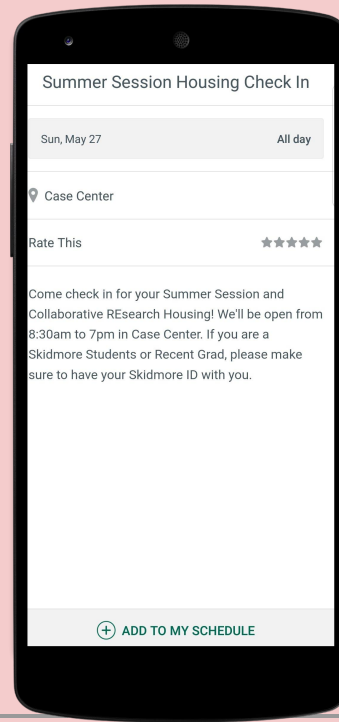

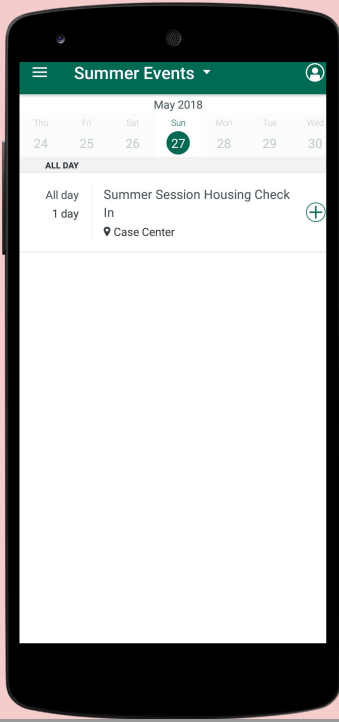

The Guide

Our guide consists of a sidebar Menu which has all of our traditional Infoguide sections

Standard Features

Each sidebar menu item can contain custom lists, files, websites, and more. Above we have (left to right) a Custom List item, our Interactive Campus Map, and the Decoda Summer Institute Website

Public Events

Our public Event Calendar will be integrated into the App.

Customized Personal Events

Guests may open an event for more info (left), tap the plus on the event to add to their personal "My Event Schedule" (middle), and set reminders for key events they wish to attend (right).

What should you consider providing guests?

A Custom List: list items can contain PDFs such as your schedule or a supply list, links to websites, and broad text. WE can call this list whatever you like (Program info, Important documents, etc).

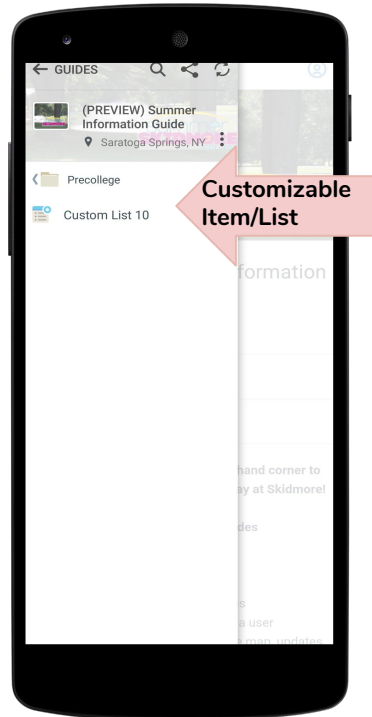

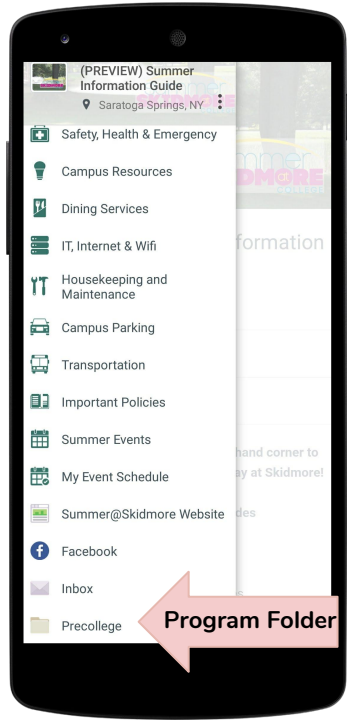

Web View

Link to your homepage or an important website for your guests.

Custom Maps

In addition to our interactive map, we can upload your program specific map with key locations noted

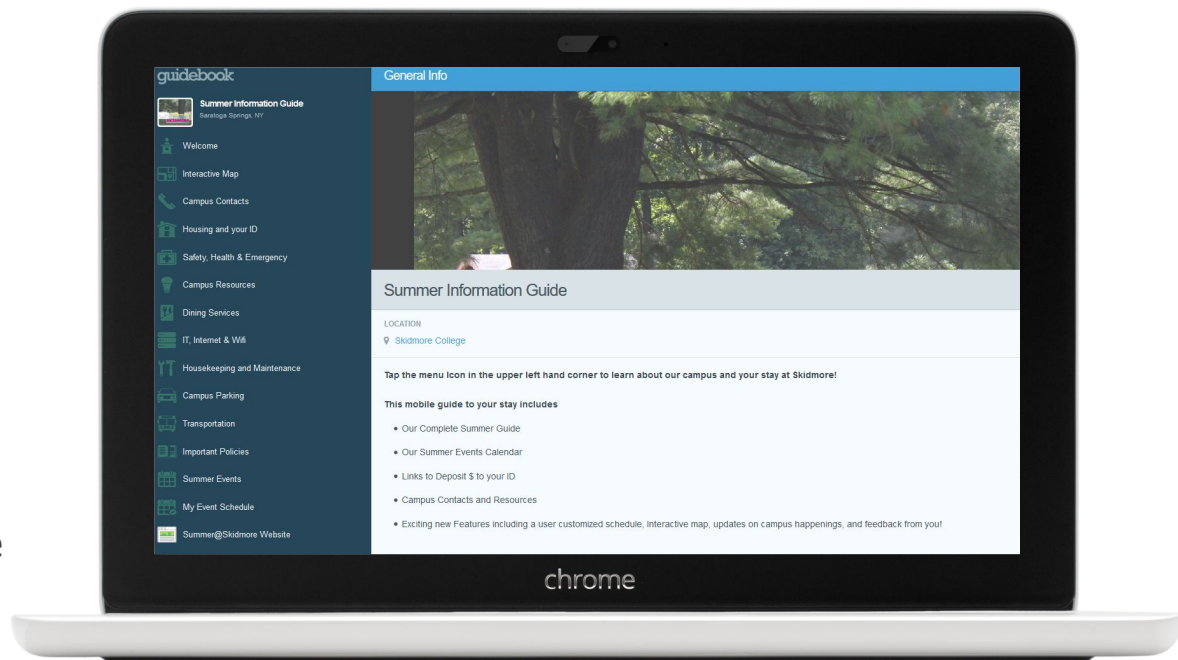

How will it work?

Cross Platform Flexibility

There is also a [fully web accessible version](#) of the guide. Please feel free to download our app or browse this webview as we continue to make improvements prior to your arrival on campus.

Any suggestions of features are welcome and appreciated!

Benefits

Living Guide

Our guide is constantly being updated with correct information on policies and events

User experience

This app is smooth and updated regularly. We can push guide updates as they pour in

Ease of Access to Info

Campus contacts, facility hours, a map, and program info all on your phone

iOS,
Android,
Web
